Dear Chris,

I just wanted to let you know how happy we are with the Valet Waste Trash Service. Since we have started using it back in August 2008 there has been a huge difference in everything trash related around here! Our dumpster areas and enclosures look great every day! We no longer have to hassle with overflowing dumpsters, or trash anywhere on property! I can't tell you how much time this saves our staff! Speaking of staff, your people are awesome! They are polite, friendly, and so helpful. Tony especially has been wonderful!

Here at Lake Johnson Mews we call you guys the "Trash Fairies", because you put the trash out one minute and turn around the next and it's gone! You never even know that they came. They are so quiet and respectful of everyone's apartment home. It makes me feel good knowing that our residents will never be disturbed when pick up time comes around and that if they see a "Trash Fairy" that they will be greeted with a Hello and a smile!

Thanks again for everything you guys do! I would recommend you guys to anyone who wanted to offer their residents another awesome amenity! The residents here love it!

Sincerely,

Christine Stine
